## Syndicate Wants to Negotiate for Gas Rights

The regular meeting of the City Council was held on Tuesday evening last with Mayor Somers and all the Aldermen present.

After the adoption of the minutes, Curt Smith and V. Thompson interviewed Council as a delegation from the Board of Trade. They brought several suggestions as to the improving of the auto camp, and asked that the Council put the camp into good shape by repairing the buildings and improving the grounds. The Council agreed to give this their consideration.

A letter was read from Curt Smith on behalf of the Syndicate asking the city if they would be willing to enter into negotiations with a view to development of the natural gas field of Wetaskiwin. Council agreed they would give every consideration to any proposed draft agreement that might be submitted. Mr. Smith stated that the Company would be the core drilling for gas at their own expense, but would look to the City for franchise should a large supply of gas be obtained.

The following veterans, Messrs. Blackwell, Palfrey and Blundell were present from the Legion and requested the City Council's interest in the new war memorial which it was proposed to erect in the City park. The proposed cost would be around \$800, and they exhibited a plan of the elevation showing the memorial in the form of a shaft with a large sword inscribed on the face. The Legion had already raised over \$100 and hoped to raise the remainder of the fund by subscriptions. The delegation was assured of the Council's support.

The matter of a concrete crossing over McDonald Street from the school grounds to the Kiwanis playground was considered.

A letter from the chairman of the Alberta Assessment Commission, was read, authorizing the present rate for the Provincial Supplementary Revenue for the next two years, which means a levy of 1.7 mills.

A letter was received from the Commissioner ordering a slight raise in the assessing of the transmission lines of the Calgary Power Company.

The city engineer, W. E. Zink, wrote providing the city with street grades and profiles.

Correspondence was read from the Department of Public Works, in which the highway commissioner offered to give assistance in the maintenance of the gravelled roads through the city. It was pointed out that if curbs and gutters were constructed along Pearce Street, the property owners on each side would have to defray a portion of the cost in the form of a local improvement assessment.

The Finance Committee reported having arranged with the City Solicitor for the employing of a collector to look after the rents coming to the city, also for the collection of old debts passed for payment.

Accounts to the amount of \$382.00 were passed for payment. Hugh Stewart was appointed caretaker for the cemetery and Fred Wama was appointed caretaker for the city parks, both to commence their duties on April 15th.

Discussion took place as to the advisability of purchasing trees to replace the dead and destroyed trees on the boulevards. A motion was passed that \$25 be expended for this purpose.

Mayor Somers and Ald. Torenson reported having interviewed the Council of the M.D. of Montgomery, who expressed their willingness to pay their share of the maintenance of the gravelled road from the Driard hotel north to the intersection and from the Court House south to the Stettler highway.

A special Hospital Committee of the Council was requested to bring in their report to the next meeting of the Council, on the most suitable site for the new hospital.

The Council agreed to deposit the bonds for the new city debentures amounting to \$37,000, with the Bank of Montreal for which the Bank had agreed to advance the funds for the erection of the new hospital as these will be required.

The meeting adjourned.

Edmonton.—Air passenger and express service between Edmonton and Calgary will open on May 1, with two airplanes of the Canadian Airways, Western lines, flying in each direction daily, it has been learned from a reliable source.

### MOVE TO CANCEL PENALTIES ON TAX ARREARS

Edmonton, April 11.—Cancellation of penalties on arrears of taxes in both municipal and school districts throughout the province as owing to the first of 1932, is being proceeded with under legislation just passed and now in effect, it was announced Monday by Hon. R. G. Reid, minister of municipal affairs.

This legislation, which was intended to aid municipalities to get funds with which to keep their schools in operation, provides for cancelling such penalties in whole or in part.

## Weddings

### CUMMINGS-ZILKIE

Two native-born residents of Wetaskiwin district were united in marriage at the home of the bride's parents, Mr. and Mrs. C. W. Zilkie, on Tuesday, April 12th, at high noon. The groom was Mr. William C. Cummings, son of Mr. and Mrs. C. Preston Cummings, one of Wetaskiwin's pioneer settlers, and the bride was Miss M. Zilkie, daughter of Mr. and Mrs. C. W. Zilkie, one of the early settlers. The young couple will take up a farmstead of five miles west of the city.

They were accompanied by Mr. and Mrs. M. F. Deering and the young couple went away to Edmonton for a brief trip. The bride was charmingly gowned in white silk with rose sash trimming. Rev. A. R. Schrag performed the ceremony.

### WETASKIWINITES MAKE GOOD SHOWING AT SPRING SHOW

In one of the strongest classes of Beef and Dairy Calves ever shown at Edmonton, Melvin and Roma Ballhorn stood second and sixth respectively in the class of 24 Best Heifers. Lloyd Pickard came third. Roger Pickard fourth and Phillip Pickard sixth, in the judging competition, when the children had to judge one class of draught horses, one class baby beef, one class dairy calves and one class swine. Lloyd Pickard stood third and Melvin Ballhorn fifth.

### SALES TAX RAISES TO BOOST REVENUE BY MANY MILLIONS

Ottawa, April 7.—Effective Thursday the sales tax goes up two per cent. The jump from four to six per cent, subject to a minimum budget, will, it is anticipated, yield a very considerable increase in revenue by the end of the year.

E. N. Rhodes, minister of finance, did not give to the house a separate estimate of the amount expected from the new tax, but by the end of the present fiscal year, it will be an important factor in helping to balance the budget.

Last year the government jumped the sales tax from one to four per cent. The increase was announced by Premier Bennett when he delivered the budget speech on June 1. It became effective immediately. In the preceding year, the tax had been reduced from two to one per cent.

The increase in the sales tax last year accounted for an addition to the revenue of approximately \$20,000,000 as compared with the previous year. Sales tax yielded \$41,271,000 in comparison with collections amounting to \$20,784,000 in the preceding fiscal year when the tax was one per cent.

At that, however, the returns were not so great as they would have been had the tax gone into effect at the opening of the fiscal year. Two months had gone by before the increase became effective, and the result was a lower return than would otherwise have been secured.

This time, the maximum amount will be obtained. The increase becomes effective Thursday and no time will be lost in gathering in the revenue resulting from the increased schedule.

The sales tax has produced considerable amounts for several years. The minister quoted figures which showed that it produced \$72,100,000 in the fiscal year 1927-28; \$63,646,000 in 1928-29; \$44,859,000 in 1929-30; \$20,784,000 in 1930-31; and \$41,271,000 in the fiscal year just closed. Under the previous legislation the tax at 3.5 per cent was yielding 10 per cent but business conditions kept the return up fairly high. Collections in 1930-31 were the lowest during the past five years.

## Town Topics

The tennis courts will soon be ready for another season.

Mrs. N. Nelson has just received word that her brother in Powell, Wyoming, has passed away.

The many friends of A. S. Craig are pleased he is improving nicely, after being confined to his home all winter with a sore foot.

Melvin Ballhorn attended the Edmonton Spring Show last week and won second place in the children's feeding competition, with a beautiful Shorthorn heifer.

R. E. Schmitz was in Calgary as a delegate for the forming of an Alberta Moose Association, and was elected to the executive of the newly formed association for 1932.

Our reporter made an error last week in stating that Miss Lawrence represented the local branch A.T.A. at the teachers' convention at Calgary, as Miss Irving was the representative.

The Vimy Ridge dance on Friday evening last, was pronounced one of the most successful ever held by the Legion in Wetaskiwin. A large number were present, and the music, furnished by Les Camarades Orchestra, was of the best.

A successful concert and box social was held at the Peace Hill school on Friday last. Ed. Dickson was auctioneer for the lunch boxes, and Miss Valburga Greiner acted as clerk. The proceeds will go towards purchasing a new organ for the school.

One of the most successful meetings ever held of the Business Girls' Club took place on Wednesday at the Driard club rooms. After the usual business was completed, the club were the guests of Mrs. Curt Smith at her apartments. Mrs. Smith gave the girls a most interesting talk about her European trip. At the conclusion a dainty lunch was served by the hostess, assisted by the Misses Redden, Henderson, Kadlec and Wallace.

### FATAL ACCIDENT TAKES PLACE AT LOCAL HOSPITAL

A fatal accident occurred at the Wetaskiwin hospital Thursday morning when Victor Tulokas, a delirious patient, jumped out of bed, rushed past an attendant, ran down the hallway onto the balcony and leaped to the cement sidewalk a distance of about 20 feet, killing himself instantly.

Deceased, who was one of the prosperous farmers in the Finnish settlement west of Wetaskiwin, had undergone an operation for appendicitis on Saturday and since that time had been delirious at times, and was under the care of a male attendant as well as the nurse. He was aged 52 years and leaves a wife and grown up family of five daughters and one son.

An inquest was held Thursday afternoon, conducted by Dr. A. J. McColligan and Constable Crouch. The jury, after viewing the remains and hearing the evidence of several witnesses, brought in the following verdict:

"That Victor Tulokas came to his death at 1:45 a.m. on April 7, by throwing himself over the balcony on the second floor of the Wetaskiwin hospital while temporarily insane, and that no blame can be attached to any person."

### GOOD SUPPLY OF MOISTURE IN LAND

Edmonton, April 5.—Crop prospects in Alberta are as favorable as could be expected at this stage, according to Hon. George Hoadley, minister of agriculture, there is a good supply of moisture in the land for the spring cropping.

With the exception of the customary drought area, where reversion to ranching instead of farming is now proposed, there is reported to be enough moisture practically everywhere to ensure germination.

### I.O.O.F. ANNIVERSARY

The 115th anniversary of the founding of Oddfellows in the continent of America will be observed by Wetaskiwin Lodge No. 8 on Sunday afternoon, April 24th. The Sisters and Brothers will meet at the lodge room at 3 p.m. and will attend Divine worship in the First United Church at 3:30. Services will be conducted by Rev. A. R. Schrag. It is expected that a large number of visitors will be present from Ponoka and Millar lodges.

## Wetaskiwin Baseball Club to Link Up With Big Circuit This Year

A meeting of the Wetaskiwin Baseball Club was held in the Elks' hall, on Monday at 8 p.m. The following officers were elected for the 1932 season:

President—W. J. McPaul.  
Vice-President—J. P. Richards.  
Secy.—Treas.—Earl Lindholm.  
Managers—Forbes Atkinson and C. J. Jacobs.

The election of captain was left open for the present.

Finance Committee—Harry Perler, W. J. McPaul, G. G. Farewell.

Group Committee—Pete Ryan, L. D. Montgomery and F. Atkinson.

R. Atcher and Forbes Atkinson were appointed to interview city officials with a view to joining the Edmonton Amateur Baseball League.

The grounds committee are making arrangements to get the diamond in shape and practice will commence just as soon as possible.

Wetaskiwin has excellent material this year, and some snappy ball is expected.

## Local Thespians to Present Story of Canadian Mounties in Comedy at Audien Theatre

More Canadian passing interest has been manifested in the announcement in last week's Times that the Wetaskiwin Players will appear at the Audien on Wednesday, April 27, in L. E. Johnson's three-act comedy of life in western Canada, "Sweetwater Trail."

The majority of local amateur thespians who graced the footlights in "Turn to the Right," and "The Cat and the Canary" are still on the roster of the Wetaskiwin Players, with Bart W. Bellamy, who has directed the former productions of this talented company, being in charge of production. The cast includes one of the principal players of the "Young Rancher" from Sweetwater Trail, a central figure in the story, in which Mounted Police, Indians, cowpunchers, etc., are prominent, not overlooking the prominence of the gentler sex. While there are serious moments, and considerable suspense at times, the production is outstanding for the abundance of western comedy.

Unless Vera Randolph is married before her twenty-fourth birthday she forfeits a large estate to a young lieutenant of the Mounted Police, flanneau. At the eleventh hour the groom-to-be exhibits pronounced caddishness, and the bride breaks off the marriage, and realizing that her estate will otherwise pass into the lieutenant's hands she digs up a martyr at the midnight hour and becomes his bride, with the express intention that a divorce is to follow immediately. From then on the plot thickens and the comedy becomes even more hilarious. A gabby ranch foreman, the funniest specimen of a western cowboy in captivity, a French-Canadian cook, a delectable Indian in Indian dress, a hard-boiled hired girl, a shrewd and resourceful widow, a pompous colonel and one of "those sneaking spies" are among the eleven other characters.

### PROHIBITIONISTS ATTACK MOVE TO DEFER BEER VOTE

Edmonton, April 4.—A strong protest against the government's resolution to defer action on the petition for the abolition of beer parlors in this province has been sent to Premier Brownlee by the sub-executive of the Alberta Prohibition Association. Charging that the government's motion is wholly unsatisfactory, the Prohibition association says it utterly frustrates the wishes of the more than 55,000 petitioners.

While the executive had asked for a meeting with the premier on Monday this had not been arranged so far as could be ascertained. A definite date is asked for action in connection with the petition.

"Ellen, dear," he said, "hadn't you better take some fiction with you to while away the time?" "Oh, no, William," she replied, "you'll be sending me some letters."

"At church last Sunday morning," says a newspaper in Vermont, "the choir tenor sang, 'I May Not Pass This Way Again,' to the delight of the congregation."

Canada's lumber cut value has doubled in 20 years.

## Town Topics

Brody's Limited had a large sign erected in front of their store on Wednesday.

Mr. and Mrs. Walter Greiner were Edmonton visitors last week, combining business with pleasure.

The regular meeting of the W.M.S. will be held at the home of Mrs. E. Mermer on Tuesday, April 19th, at 3 p.m.

The friends of Mrs. F. H. Blackwell regret to learn that she underwent a serious operation in the Wetaskiwin hospital on Saturday. She is doing nicely.

The weather during the past week has been quite springlike. Fields have dried quickly and a large number of farmers have commenced spring operations.

Mrs. Sald Anderson, who has been ill this winter, is now much better, and reports that she will have cabbage and cauliflower plants for sale as usual this spring.

Mr. and Mrs. Frank Turner expect to leave the end of April for Wilkie, where they will reside in future. They have leased their residence on Stanley Street to T. Fletcher, who takes possession on May 1st.

J. B. Allison of Granum, Grand Master of the Alberta Grand Lodge I.O.O.F., paid an official visit to the local lodge on Monday evening. He gave an inspiring address and an enjoyable time was spent by the large number present.

About one hundred Masons and wives were entertained by Victory Chapter O.E.S. in the banquet room on Monday evening last, when bridge was played, followed by a sumptuous lunch. The first prize winners were Mrs. Novotny and C. G. Watson, while the consolation was given to Mrs. Pountney and J. N. Schreffels.

Mr. and Mrs. A. S. Craig had their uncle, Robert Bullock of Reston, Man., visit them on his way from Vancouver, where he spent the winter vacation at the home of his sister, Mrs. C. Stewart, and other relatives. Mr. Bullock is a wonderful old man, having celebrated his 86th birthday on March 1st. His sister had a number of old friends invited for the occasion, and Mr. Bullock received a number of letters of congratulation as well as messages by wire, one from his niece, Miss N. J. Bullock, matron of the Cold Lake hospital. He is enjoying the best of health, and he and Mrs. Bullock celebrated their 60th wedding anniversary some few years ago, when their family was very young, as well as a number of grandchildren. This fine old couple came to Reston, Man., in 1855 from Lanark, Ont.

### LIBRARY NOTES

Among the interesting books which may be found in the library are the following:

"The Maker of Dreams," by E. W. Sayl. The story of a lonely Cornish village with a venturesome heroine whose thirst for adventure is more than satisfied by a sea voyage, a trail of trouble for herself, which ends finally in a mighty explosion—after which matters readjust themselves satisfactorily as all good stories should.

"Cy Whittaker's Place" by Joseph Lincoln. A Cape Cod story describing the amusing efforts of an elderly bachelor and his two cronies to rear and educate a little girl, full of honest fun—a rural drama.

"The Council of Seven," by J. C. Smith. An international mystery story through which runs a thread of romance. Tense situations and picturesque characters are parts of a mysterious struggle to control the world.

"The Hounds of God" by Rafael Sabatini. A story of England and Spain during the time of Queen Elizabeth, which has in its later stages an "Inquisition" background.

"Brewster's Millions" by George Barr McCutcheon. A young man is required to spend one million dollars in one year in order to inherit seven.

How he does it forms the basis of a lively story. This book is a good favorite.

A supply of new books is expected to arrive shortly which will include some of the latest published.

## Wetaskiwin Member Reviews Work of Session

### CALGARY HORSE JUMPS 7 FT. 4 INS. TO SET NEW MARK

Edmonton, April 9.—Sailing over the bar in a final magnificent effort after several game attempts had met with failure, Skyline, owned and ridden by Tolle Shoochobahn, Calgary, established a new Edmonton record for jumping horses of seven feet, four inches at the Edmonton Spring show, Friday.

The successful leap, which brought the largest crowd of the week to its feet, better by two inches the former record held jointly by Skyline and John Peel.

## Obituary

### NORMAN S. ANGUS

On April 8th, near Strome, Alberta, another of the real old timers passed away in the person of Norman Stewart Angus, brother of Thomas A. Angus and Magistrate R. M. Angus of Wetaskiwin.

He was born near Ottawa, Ont., in September, 1879, and came west to the Wetaskiwin district in the spring of 1892, where he resided until 1918, when he purchased a section of land close to Strome, where he carried on farming very extensively until the time of his demise. His sickness was of very short duration. On March 30th he was taken down with pleurisy, which rapidly developed into pleuro pneumonia, and despite all that medical aid could do, he passed peacefully away at 2:30 a.m. on April 8th, at the age of 52 years and seven months.

Besides a host of sorrowing friends he leaves to mourn his loss his beloved wife, one son and three daughters, viz., John A., Bessie Dorothy and Mabel, all at home, also three brothers and one sister.

The funeral services were held on Sunday afternoon, April 10th, from the residence near Strome, and interment took place in the Strome cemetery. The services were conducted by Rev. Mr. Bevan of Strome, and the funeral was one of the largest held in the district for many years. Those attending from Wetaskiwin were Mr. and Mrs. T. A. Angus and Mr. and Mrs. R. M. Angus.

### LARGE ALBERTA GRAIN CROP IS EXPECTED

Edmonton, April 11.—Optimism for 1932 crops in Alberta is shown in the first crop report of the season issued by the Alberta department of agriculture Saturday, which shows that conditions are more favorable than for many years.

Particularly good conditions prevail throughout Northern and Central Alberta the report shows, with excellent moisture supply forecasting a good harvest.

Over a considerable portion of the province, chiefly in the central and northern regions, there appears to be an excellent supply of moisture, says the report, making the soil conditions ideal for spring operations. In the Peace River district and other parts of the north and in some districts east and west of Edmonton, snow is still upon the ground in considerable quantities. In such districts it will be from ten days to two weeks before work on the land can become general.

In the southeastern section of the province, which has suffered persistently from drought conditions, continued dryness is reported, with practically no reserve moisture. This is the only district to report extremely unfavorable conditions, the other districts for the most part being in good shape in every respect, with a few small areas reporting lack of reserve moisture, but not sufficient to prevent germination. In the areas along the western border of the province, conditions are reported particularly good.

High winds are reported from one or two places west of Edmonton, drifting to a small extent. In certain districts a considerably increased infestation of cutworms and grasshoppers is anticipated.

In a few places in the southern districts work is already under way on the land, and will become general within the coming week.

Livestock has been dying of starvation in part of Southern Manitoba because the farmers have been unable to obtain feed.

At the monthly luncheon of the Wetaskiwin Board of Trade held on Monday evening last, several matters of business were dealt with, and those present enjoyed a brief talk given by H. J. Montgomery, M.L.A., on what happened during the recent session of the Alberta Legislature.

A letter was received from Mr. Stevens of the Department of Agriculture, stating that no grants would be given for seed fairs in Alberta this year, as the Federal Government declined to pay half of the prize money as in former years. This would not affect the junior competitions, however. After a lengthy discussion, the matter was referred to the Council of the Board of Trade to bring in a report at next month's meeting.

The Secretary, Godfrey Baker, made several suggestions re the auto or tourist camp, suggesting that other cabins or tents be provided and that a bulletin board giving special announcements be erected on the camp grounds, and that citizens visit the camp frequently and give information to the tourists about the Wetaskiwin district. This was referred to the Publicity Committee of the Board to interview the City Council to have this work done.

It was also agreed that the matter of keeping the Wetaskiwin Post Office open certain hours every Sunday be taken up with the proper officials.

As an outcome of the discussion to have the products of the Wetaskiwin district exhibited at the Edmonton Fair this year, a resolution was passed recommending that the judges in making the awards, take into consideration everything shown at the Fair from the districts competing, including stock and dairy products.

A resolution from the Crooked Lake Local U.F.A. to the effect that maintainers on the highway be compelled to remain further apart, thereby making it safer for public travel was also passed.

A request from the Bulyea Junior Crops Club, asking for financial assistance to purchase seed grain was carefully considered, and this was referred to the Council of the Board for action.

H. J. Montgomery, M.L.A., in speaking of what took place at the session of the Legislature, stated that the session was the most strenuous ever held, as it occupied over nine weeks and over seventy-five separate and distinct acts were passed, and several were withdrawn. Among the matters dealt with were the unemployment, financial, debt, and creditor, Turner Valley gas, telephones and the irrigation problems. The transfer of the Provincial Police force and the Act providing for new taxation also took up considerable time at the House of Commons.

The Pension and the Workmen's Compensation Board agreements were also amended. The members of all parties showed a deep interest at all times, and apparently did their best to serve the best interests of the Province.

There were thirty private members' resolutions, the most ever presented, and about thirty divisions were taken. Mr. Montgomery referred to the work of the Committee on Agriculture, composed of all the members of the House, which was the heaviest of any committee as it dealt with many phases of agriculture and livestock in the province. He also spoke of the action taken on the unemployment relief question and the beer petition, which was stood over until next year, as there was some doubt about it coming under direct legislation act.

He also quoted figures showing the loss in the telephone system, both in subscribers and revenue, but the department declined to reduce the rates. He also referred to the finances of the province, and stated that the total debt was \$135,000,000, and that the annual interest was now \$850,000.

Before the meeting adjourned, W. H. Odell, president, thanked Mr. Montgomery for his very interesting address.

### GERMANY AGAIN GIVES SUPPORT TO HINDENBURG

Berlin, April 11.—Field Marshal Paul von Hindenburg, second president of the German republic settled back in his presidential chair on Monday at 84, for another term of seven years.

In Sunday's run-off election he rolled up a plurality of nearly 6,000,000 votes over Adolf Hitler, Nationalist Socialist candidate, his chief opponent.

## Alberta Legislative Assembly

(Interesting news letter from  
our Correspondent in the Press  
Gallery, Parliament Buildings,

Edmonton, April 9.—With the bat-  
tle of the second session of the  
seventh Alberta legislature ended and  
the smoke cleared away, it is possible  
to sit back and survey the result and  
count the casualties.

And what a battle it has been!

When the government forces gathered  
on February 4, they did so with the  
expectancy that there was going to  
be another political walk over in a  
very brief session. But the echoes  
of the royal salute had scarcely died  
away before it became evident that  
they had another thing coming.

The Liberal forces had come girded  
at the loins and armed to the teeth  
so to speak. They were not slow in  
letting the whole house know that  
they were out to wage war from start  
to finish. And they have lived up to  
their promise. They have been the  
one real opposition the government  
has had to face. They have let nothing  
slip by without challenge. There  
has been no halting of their criticism  
and the "cease fire" order was never  
given by their leader, George H.  
Webster, once during the whole ses-  
sion.

Tactics applied by the treasury  
benches to spike the Liberal guns  
proved unavailing and the fight con-  
tinued to the bitter end.

Sometimes the Grits were reinforced  
by the Conservatives, sometimes  
by the Independents, and now and  
again the Laborites joined hands with  
them, but always it was the Liberals  
that initiated the main attack.

The U.F.A. forces were considerably  
hampered by the fact that out-  
side of Premier Brownlee, the treas-  
ury benches are not particularly  
strong in debating power. As a re-  
sult the Premier had to be continually  
on his feet in an endeavor to re-  
pel the powerful attacks.

The passing of the estimates gave  
the government a particularly trying  
time. The Liberals were determined  
to show the administration that these  
could have been pared down to a  
point where it would have been un-  
necessary to impose any additional  
taxation. Indeed, they came to the  
house fully determined to do all that  
was humanly possible to prevent any  
such imposition.

They failed only because of the  
numerical strength of the govern-  
ment. Practically every item of any  
size and scores of smaller amounts  
were challenged and the government  
was forced to explain them and to  
defend their inclusion at great length  
and often with great difficulty.

Never has there been such a search-  
ing inquisition into public expendi-  
tures as that staged by the Liberals.  
George H. Webster, their leader, and  
H. J. Montgomery, Wetaskiwin, were  
constantly on the qui vive and deliv-  
ered smashing blows repeatedly along  
these lines.

But in every case suggestions for  
further economy were voted down.  
The government refused absolutely to  
do any more paring, albeit the pre-  
mier admitted that during the year  
it might be possible to make some fur-  
ther revisions.

Naturally, that did not suit the  
Liberal idea. Mr. Webster demanded  
that such revision be done right  
away, but again his suggestion was  
voted down.

Government refusal to cut down the  
estimates recoiled on its own head,  
however, because it enabled the Lib-  
erals once more to return to the at-  
tack when the supply bill came up  
for second reading. Then the admin-  
istration got a real surprise when Mr.  
Hovson moved to have them referred  
back to the committee of supply.

Although this motion was declared  
out of order without debate this did  
not prevent Mr. Hovson from getting  
in one of his slashing attacks on the  
government. It created quite a stir in  
parliamentary circles. Had it not  
been ruled out of order it might have  
precipitated a debate that would  
have prolonged the session consider-  
ably.

However, it did serve the purpose  
of putting the Liberals on final re-

cord as favoring still further exten-  
sive reduction in expenditures.  
The Income Tax Bill had a rocky  
road to travel from the date of its  
introduction until its final passing.  
Here again the numerical strength of  
the government was the only thing to  
save it from defeat.

It was one of the constant com-  
plaints during the session that the  
government was too reticent in the  
matter of supplying information about  
which the public was concerned, par-  
ticularly so in the matter of borrow-  
ings and guarantees.

And now that it is all over there is  
a feeling abroad that whenever the  
next provincial election takes place  
the U.F.A. will have a tremendous  
fight on its hands.

During the last few days of the ses-  
sion there have been unmistakable  
signs of dissatisfaction among cer-  
tain back benches. How far this dis-  
satisfaction has spread it is, of course,  
impossible to judge. But in some  
circles it is regarded as serious and  
it is said that the party could hardly  
hope to carry the province if there  
were an appeal to the people at an  
early date.

It is easy to understand why so  
much interest is being displayed in  
the forthcoming convention of the  
Liberal party in Edmonton in June. It  
is believed that they fully intend to  
go into the next provincial fight with  
all the strength they have available.  
They feel confident that the govern-  
ment is completely on the defensive  
and is having the greatest difficulty  
in keeping its forces in order.

Certain it is that at the forthcom-  
ing Liberal convention a new and vig-  
orous policy will be laid down and  
that the most able of the Liberal stal-  
warts will be chosen to lead them to  
battle.

At present there are two outstand-  
ing candidates mentioned for the po-  
sition. One is George H. Webster,  
present house leader, and the other  
W. R. Hovson, the Edmonton mem-  
ber. It is said that the former is the  
strong favorite, it being stated that  
he can have the position, if he so  
wishes.

In conclusion it may be said that  
the session just closed has been the  
most strenuous for years, not because  
of the great amount of legislation that  
has been accomplished, but because  
of the continuous fighting that has  
been done. Seemingly ordinary resolu-  
tions have brought lengthy and  
spirited debates, in which the Grits  
were always the leading forces.  
Questions have been constantly hurled  
at the government by the Liberals,  
and evening sessions have been con-  
stant almost from the start.

## CHEAP BREAD IN EUROPE

Prices for bread are low in Europe  
as the following quotations will  
show:

England—London or Liverpool:  
good to best quality bread, 2.25 to  
2.52 cents per pound.

France—Fancy bread, 6.37 cents;

ordinary bread, 4.5 cents.

Holland—Best "milk" bread, 4.29

cents; water bread, 4.18 cents; cheap

water bread, not delivered, 3.09 cents.

Italy—Roma—Fancy bread, 5.83

cents; good bread, 4.15 cents; cheap

bread, sold in very large loaves, 3.54

cents.

Belgium—Brussels or Antwerp:

Good bread, 1.32 cents; smaller towns

as low as 1.18 cents.

The relatively high price of bread

is, of course, due to the high rate of

duty and quota restrictions designed

to protect the market for domestic

wheat.

In discussing discipline at Red

Deer high school which referred to

destruction of property, smoking and

a little pilfering, a member of the

school board suggested a "caution

tax," providing that each student

deposit one dollar on enrolment

against damage to property. The bal-  
ance after covering all damage would  
be refunded at the end of the term.

## IN THE GOOD OLD DAYS

(By Fred W. Grant in the Barrie  
Examiner)

—Ladies were bustles.

—Monday was washday.

—Nobody swatted the fly.

—There were no flappers.

—Nobody had apple dicitis.

—There was no traffic cop.

—Everybody played croquet.

—There were no Bolsheviks.

—Men sported wavy whiskers.

—Nobody worked but Father.

—Cream was five cents a pint.

—Ice cream was "iced" cream.

—Nobody was ashamed to walk.

—Boys' shoes were copper toed.

—Saturday night was bath night.

—No one was fined for speeding.

—Vitamin gauges were unknown.

—Milk shake was a popular drink.

—Widows' weeds weren't cigarettes.

—Only small boys wore short pants.

—Only little girls wore short skirts.

—Nobody was told, "The line is busy."

—Doctors wanted to see your ton-  
gue.—The livery stable was the social  
circle.—Nobody cared for the price of gas-  
oline.—Only lumberjacks rolled their  
stockings.—Women, nor men either, didn't  
play golf.—Farmers came to town for their  
mail.—There were no germs, even in  
Germany.—Melodrama supplied the dramatic  
"kick."—No one had to look for a parking  
place.—Chickens all went to roost at sun-  
down.—Beer was five cents a glass, includ-  
ing lunch.—Whiskey was fifty cents a quart  
bottle.—A good cigar set you back a whole  
nickel.—The sheiks all lived in Arabia or  
Turkey.—Shows in the Town Hall came  
only so often.—Paper and celluloid collars were  
popular.—Food stuffs came in bulk, not in  
packages.—Women wore bathing dresses, not  
undresses.—Candles for the girl cost her fel-  
low 15c a bag.—School teachers "licked" pupils  
good and plenty.—The boyish form was displayed  
only by the boy.—Ladies used side saddles, not the  
whole road.—A card was mostly bustle behind,  
not bustle ahead.—Statics was merely a mathemati-  
cal study at school.—They were days mostly—every-  
thing over at 10 p.m.—No one had to listen to a saxa-  
phone band wedding.—Everybody went to church, or to  
sleep on Sunday.—Girls set their caps—not their  
knee-caps—for a man.—Oyster suppers and church socials  
were 25c a throw.—Moving pictures happened only at  
housecleaning time.—Females all wore corsets—at least  
we think they did.—The hired girl drew \$1.50 a week,  
and did the washing.—Hot dogs were those with their  
tongues protruding.—They bobbed your hair only after  
they got you in jail.—The melodeon—not the radio—  
supplied the family music.—The family Bible and family al-  
bum were popular institutions.—They didn't have to hire a big  
husky man to teach boys how to  
play.—Everyone in the family took sui-  
phur and molasses each Spring.—The hired man got a dollar a day  
for "iron horse"—and earned it, too.—Ladies' Clubs were the Ladies'  
Aid, Sewing Circle and the roll-  
ing pin.—Milk was delivered into your own  
pitcher from the dealers' tin mea-  
sure.—It took a girl two days to get  
ready for a party; now she's  
ready anytime.—Father sometimes spilled ashes  
on the parlor rug; now it's mother  
and daughter.

"The fact that I fit DUNLOP Tires to all  
my world's record cars is sufficient indication  
that I consider no other tire to be as safe  
and as completely reliable as "DUNLOP."

Nathan Campbell

ALL of the 61 Official World's Auto  
Speed Records were  
made on

**DUNLOP**

THE WORLD'S FINEST TIRE

—There were no crooners, except  
Mother when she rocked her rest-  
less baby to sleep.

—Women's skirts trailed as much  
material below their feet as they  
don't now above.

—People used to arise and retire  
on the same day; now they retire  
and arise on the same day.

—Boys were boys and girls were  
girls; but nowadays mothers and  
grandmothers are girls also.

—High flyers used to "take a drop"  
often; now they merely take-off  
and take a drop only once.

—People took a tonic when they  
were run down, now they usually  
take an ambulance or the hearse.

—The most prominent part of an  
attractive girl was bustle and  
thrill; now it's bustle and thrill.

—Young people turned in at 9 p.m.,  
now they turn in, and don't turn  
in until the next morning.

—Man wanted but little here below;  
now it's the woman who not only  
wants it, but wears it also.

—Girls wore many worthy unmen-  
tionables, and now they wear  
hardly anything worth mention-  
ing.

—There were no paid street clean-  
ers; women pedestrian's trailing  
skirts did the job free and plenty.

—Father got most of his outdoor  
exercise with the family horse, the  
sawhorse and shanks' mare.

—"Step in" was merely an offhand  
neighborly invitation preliminary  
to a social glass or two or three.

—Ladies' stockings were on general  
view only in the dry goods stores  
and on the family wash line.

—On New Year's Day we swore off  
all our old bad habits; now we  
swear on any new ones we can  
discover.

—Mary's little lamb finally got into  
a stew; now, Mary's little calf  
sometimes gets her into a "stew"

—Mother used to roll her own pie  
and bake it on gingerbreads; now  
she buys pie and her own socks  
are darned.

—The seven Botherland Sisters with

their seven-foot long hair were the  
envy of womankind the world  
over.

—Most people were usually prepared  
for "rainy days"; now they're  
mostly ready any time for "wet"  
nights.

—You often heard of "The boy stood  
on the bridge" but that's where  
you'll usually find mother nowa-  
days.

—Anyone who liked to take a chance  
always went to the church bazaar;  
now they usually go to the  
cemetery.

—Daughters always helped their  
mother to prepare dinner, but now  
they're usually not home even to  
help eat it.

—Mother used to put on more cloth-  
es when she dressed to go to bed  
than her daughter now does when  
she dresses to go out.

—The right way of living length-  
ened many a man's days; nowa-  
days the right-of-way living short-  
ens many another man's days.

—Women when fully dolled up, wore  
about 25 pounds of clothes; now  
they display their charms in only  
a few ounces of "fashions."

—The butcher "threw in" the heart  
and liver free; now he sells it for

30c a pound and throws in his  
thumb when he's weighing it.

—When any bad case was cured by  
laying on of hands, it was done  
by father or mother, and not some  
perigrinating "Professor."

—Women's most popular pastime in  
the shape of swinging a lawn ten-  
nis racket was flipping buck-<

## Weekly Garden Letter

### Garden Peas

The old idea which regarded Garden Peas as rather a tender vegetable has been pretty well exploded. More and more, the expert is coming to believe that the earlier these things are sown, within reason, the larger the crop. Certainly, farmers growing peas for the canning factory, and the average canner, are very particular to get big crops and high quality, sowing just about as soon as the spring grain goes in. The average gardener would be well advised to make one fair-sized planting of garden peas just as early as the ground can be worked in the spring, and the main planting about a week later. In place of additional savings for a continuance of the crop, it is better to depend on the use of early, medium and late varieties. In recent years, too, the taller sorts of peas are coming into greater favor. These may be grown without any support, though string or brush will help. They give just as large crops as the old American Wonder type, and they are sweeter and, because of their large size, much more easily picked and shelled. Garden peas give best results in an open rich soil and require frequent early cultivation. They also benefit from the application of good fertilizer. If a commercial brand of the latter is to be used, care should be taken that the chemical does not actually touch the seed, but must be placed within an inch or so of it.

### Rock Gardens

Steep pieces of ground can be turned into the most beautiful parts of the garden by the judicious use of old weather-beaten stones and alpine plants. Such gardening is not to be confused with the old-fashioned and

very artificial rockeries. In the kind advocated here, boulders are set into the side of the hill, embedded so deep that the frost will not seriously disturb them, and also in such a way that the soil between will lead back into the main bank. Between the rocks a miniature Rocky Mountain Range is created with gulleys, alpine meadows, crags and steep canyons. Seed catalogues usually list alpine rock garden plants separately. It is most important to secure seeds and plants suitable to Canadian conditions and it is also advisable to get special literature on the subject or visit a neighboring rock garden, before attempting too elaborate a layout.

While very limited and inexpensive equipment is necessary for very fair results in gardening there is a great deal more satisfaction where a little care is used in the selection of the tools required. For the small place, where all the work will be done by hand, the only things needed are a spade, rake, a narrow hoe, and possibly a digging fork, a hand cultivator and some stakes and twine. One will find one of the chief hand-drawn cultivators with five removable teeth almost invaluable in stirring up the soil between the rows. A fully planted piece of ground 60 feet by 100 feet can be gone over in about an hour with such an implement. Where the garden is larger, one or two special hoes may be required, and these should be of varying size to suit different operations. The sharp Dutch hoe, which is pushed rather than pulled, will save a lot of time where weeds are troublesome. In the garden of half an acre or more, one of the small tractors may well be considered. These are moderate in cost

and will perform all the functions of a horse—plowing, cultivating and weeding. They are usually built so that they will handle two rows at a time, and are guided by a man walking in the rear, holding two handles. Of course, in a garden of this size, one may also use a horse to considerable advantage. In the small place, rows are only wide enough for the proper growth of the vegetables concerned, but when a horse or tractor are used, thirty inches is about the minimum space between rows.

### Hotbed Notes

Seeding flowers and vegetables in the hotbed, or in flats in a sunny window, will be requiring some attention. After the second set of leaves has developed, these things should be thinned out, so that they have at least half an inch space each way. The soil between should be stirred a little, and, of course, regularly watered. On warm days, expose by lifting the window a few inches gradually by extending the process in height and time as the season advances. When the plants are a couple of inches high, it is well to transplant once into colder quarters where they should remain a couple of weeks, at least, before being put outside. Any space left in the hotbed may be planted with radish, cress, lettuce, and others short season crops, and harvested directly from there.

### COMMUNICATION

[We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.—Ed.]

To the Editor of The Times.

Dear Sir:

CANADA'S TROUBLES WITH OVERSEAS TRADE.

As a twenty-dollar suit of clothes weighs only a few pounds, it can be sent thousands of miles for a few cents if it is bulked with other dry goods. This is typical of the comparatively small cost of transporting factory goods, and, therefore, British manufacturers favor overseas trade.

But, with farm crops, the case is very different. The farm crops of British Columbia are mostly vegetables, fruit and salads. A dollar sack of potatoes weighs a hundred pounds and as its freight to Europe would be several dollars, British Columbia potatoes cannot be sold in Europe, nor can other B.C. vegetables, owing to cost of transportation. Perishability, too, prevents British Columbian small fruits and salads from being sold overseas. Some B.C. apples have been sold in Europe, but the returns are not good. With these conditions, there must distress the British Columbian farmers. Many farmers, to my knowledge, have been ruined and starved off the land by having no sale for their crops overseas and no local markets.

Farmers on the Canadian prairies have similar troubles. Prairie products are mostly grain and cattle. A dollar's worth of wheat, at present rates, weighs about eighty pounds and cost of transporting Canadian wheat to Europe usually raises the price above that of wheat grown in Europe. Such is the case, too, with cattle and other products. For this reason, Canadian prairie crops, as a rule, cannot be sold in Europe in competition with such goods produced in Europe. This is proved by many years of poor results for prairie farmers with overseas trade.

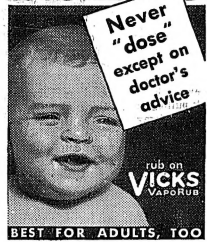

Thus, with the farm crops of British Columbia and the Canadian prairies, overseas trade with Europe is unprofitable through costs and troubles due to long distance. As western farmers cannot sell their crops by overseas trade, they cannot buy the factory goods sent to western Canada from England. They are thus production of such goods in England and causes unemployment and poverty there by depression in trade. These troubles are because western farmers cannot sell their crops by overseas trade.

What should be done? How could western farmers sell their crops? As their trouble is long distance to market, they need short distance to market, like that of European farmers who sell their crops at towns near their farms. Farmers in western Canada could easily sell their crops if factory goods were working in towns in western Canada among the farms. The factory people could buy the farm crops and the farmers could buy the factory goods.

That plan should be adopted. The Canadian government should induce manufacturers to put factory towns in western Canada among the farms. The present troubles are because the Canadian government did not do that years ago. When giving free homesteads to farmers in Western Canada, the government should also have given free factories to induce manufacturers to put factory towns among the farms like the market towns of Europe. As that was not done then, it should be done now.

In colonization, free land should be given not only to farmers but also to manufacturers, because colonial farmers cannot sell their crops without factories and market towns

## BABY'S COLDS

BEST FOR ADULTS, TOO

among their farms. "Back to the land" is misery without local markets. Overseas trade with farm crops is a poverty-making delusion which is ruining the farmers. As the farmers cannot sell their crops by overseas trade, market towns should be put in western Canada by immigration of many factory people from Europe. The factory people must be there to buy the farm crops to enable the farmers to buy the factory goods. Canadian markets for Canadian crops.

Canada is said to have spent thirty million dollars last year on relief work. Allowing thirty thousand dollars as capital for a factory, thirty million dollars would establish one thousand new factories. That would be much better use of the money as those factories would give regular employment to thousands of men and would be good local markets for farm crops.

The establishment of factory towns in western Canada to be markets for farm crops while supplying factory goods is the remedy for the depression in trade and the means of prosperity in the future. It is "prosperity round the corner." It is money in your pockets and a balance at the bank. Try it and then say "Thank God for better business. We should have done this years ago."

Factories for Western Canada! Canadian markets for Canadian crops! JAS. PHILBERT, Mississauga, B.C., Canada.

### SUITABLE VARIETIES OF WHEAT SHOULD BE SOWN

The test of a suitable variety is the success with which it can be grown under a given set of conditions and different localities vary to some extent in the type of crop and the variety of that crop which can be satisfactorily grown. The inherited ability of the varieties and the favorable conditions for growth are factors which largely determine yield and quality and to take advantage of these factors it is very necessary that good seed of the chosen variety be used. Yield per acre, time of ripening and quality as determined by market requirements are the most important considerations in selecting a variety for any part of the province. Other characters of importance are the great strength of straw and resistance to such diseases as the different types of rust and smut.

It is a recognized fact that if the standard of Canadian wheat on world markets is to be maintained, the varieties exported must meet the demands of the millers. The Canadian Wheat Pool is authority for the statement that the Canadian farmer in one year asked the Pool to sell for him no less than 450 different and separate grades of wheat, and that there are several varieties of wheat being grown in Canada which British and American millers will not buy at all.

It is imperative, therefore, that if our wheat is to maintain the premier position on the markets of the world, Canadian farmers must produce only standard varieties, possessing recognized baking and milling properties.

Marquis—Marquis is of outstanding importance among the varieties at present being grown in Alberta. It is the standard of quality. It ripens without damage from frost in many of the wheat-growing areas of the province; it is a high yielder, has straw fair quality, and does not shatter readily. The desirable qualities of Marquis are so outstanding that, where it matures, it should not be cast aside for another variety until the superior value of the newer kind has been fully proven.

Garnet—Garnet is a variety introduced by the Dominion Experimental Farms and is suited to districts where Marquis is subject to frost damage in the fall. In milling and baking qualities it appears to be slightly inferior to Marquis; it shatters more easily, but is ready for cutting a few days earlier. It is not generally recommended for districts where Marquis, Reward or Red Bobs can be depended upon.

Reward—This variety was also introduced by the Dominion Experimental Farms, and is suited to areas proximate to the same areas as Reward. In milling and baking qualities it

is superior to Garnet and equal to Marquis. In some places it has been reported as a slightly lower yielder. This variety also is not recommended for districts where Marquis can be depended upon.

Red Bobs—Several selections of this variety are now available under the names of Red Bobs 222, Early Triumph and Supreme. They are a few days earlier than Marquis and of good quality, but scarcely as good in appearance. They are not recommended for districts where Marquis matures satisfactorily, but have given excellent results in some districts where earliness is a consideration.

Renfrew—This variety, which was introduced by the University of Alberta, has been well tried out at all the Experimental Stations in the province, and on many farms in the east and south. In milling and baking qualities it is practically the same as Marquis; it has a longer and stronger straw; in average yield it slightly exceeds Marquis, but it requires about five days longer to ripen. Where the season is long enough and a long straw is desired, Renfrew is a valuable variety.

A large number of other varieties are here grown that are not recommended. They all lack some of the important characters which should be present in desirable wheats for this province, or they have not been sufficiently tested to prove their true value.

### Here and There

Forty British sportsmen will make five parties which will be arranged to fish trout and salmon on the Miramichi River, N.B., during 1932, according to announcement by the provincial director of information and tourist travel.

Canada shipped more than 5,000,000 pairs of rubber and rubber-soled boots and shoes valued at approximately \$4,408,100 to more than 80 countries during 1931, according to information given out by the Dominion Department of Trade and Commerce.

Travelling Canadian Pacific across the Dominion from Detroit to Vancouver, B.C., via Portland, Me., Ottawa, Montreal and Saint John prior to sailing by S.S. Melita for their home countries, eight European Ford Motor dealers were lavishly entertained at all cities they stopped at.

S.S. Montclair, the ship that inaugurated Canadian Pacific ocean passenger service at Halifax this winter after a lapse of twenty years, saluted the port with a 21-gun salute on Good Friday evening when she ended her last visit to Maritime ports for the 1931-1932 season.

Scotland will send an official Trade Mission ship to Canada this spring with a view to developing closer business relations with the Dominion. Scottish shipping firms have already booked space on the ship which has been chartered for the purpose by the Corporation of Glasgow.

Her Majesty, Queen Mary, and her two sons, the Duke of York and Prince George, showed great interest in the Canadian Industries section at the British Industries Fair at Olympia, London, on the occasion of their visit. The Royal party was received by Hon. G. Howard Ferguson, High Commissioner for Canada.

The highest Canadian mountain ski ascent was made in March when Russell H. Bennett of Minneapolis, Clifford White of Banff, and Joe Weiss of Banff, accomplished the feat of climbing to the peak of the Snow Dome, centre of the vast Columbia Icefield. The ascent is over 11,000 feet above sea level.

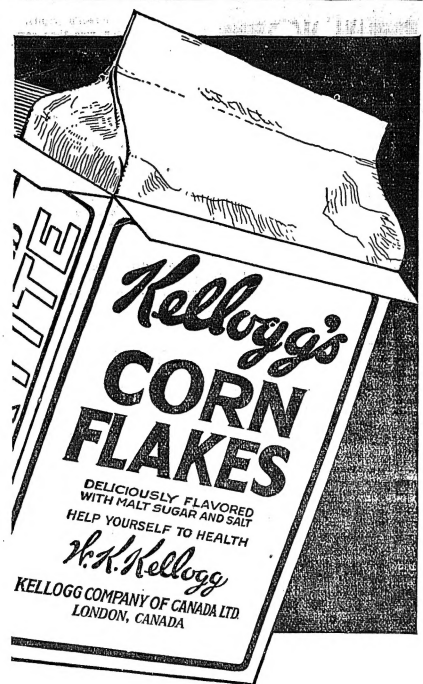

Bargain rates are forecast for western lines, said C. B. Foster, passenger traffic manager of the Canadian Pacific Railway, on his recent arrival in Winnipeg after an official visit to the Pacific Coast. The successful winter season has resulted in a heavy influx of tourists to the West, he added.

In continuance of its policy of inter-city visits between the major centres of population in Eastern Canada, the Canadian Pacific Railway will on April 8 operate one of the most ambitious of these projects by running a round trip excursion from Toronto to Montreal at a cost below one-fourth of that of the ordinary return fare. There is every indication of heavy participation in the excursion.

All Canada, as well as many interested mining men in far distant lands, will have an opportunity of listening to the speech of His Excellency the Governor-General, the Earl of Beaulieu, to be held at the annual banquet of the Canadian Institute of Mining and Metallurgy at Montreal Thursday evening, April 7. It will be broadcast over 21 stations from Halifax to Vancouver over the lines of the Communications Department of the Canadian Pacific Railway. (333)

### RUSSIAN FARM MACHINERY

Another one of the scores of plant plants projected by the Five-Year Plan—the Saratov combined-harvester works—has commenced operations. Within less than two years' time the paper plans have been converted into reality, and there have been on the plains adjoining Saratov, in the

## These corn flakes are guaranteed

BEHIND every package of Kellogg's Corn Flakes is the personal guarantee of W. K. Kellogg: "If Kellogg's aren't the finest and freshest corn flakes you ever tasted, return the empty package and we will gladly refund your money."

For 25 years Kellogg's have stood as the standard of value. Made with a delicious flavor and crispness no others can duplicate. Packed by a method that assures *oven-freshness*. A completely sealed inside *WAXTITE* bag—which is a patented Kellogg feature.

Kellogg's are economical, convenient, delightful. Remember that where substitutes are offered, it is seldom in the spirit of service. Demand genuine Kellogg's in the red-and-green package. Made by Kellogg in London, Ontario.

Lower Volga Region, a new workers' town and the vast structures of a combine plant, one of the largest of its kind in the world. The volume of the assembly department alone is 118,000 cubic meters, while that of all departments of the plant exceeds 1,000,000 cubic meters. The plant proper covers 177 acres. The cost of the plant exceeded 30 million rubles (\$15 million). In spite of formidable difficulties the construction work was completed and the plant made ready by January 1, 1932, for turning out that most complicated of agricultural machines the combine.

The success of large-scale farming in the U.S.S.R., both on state and collective farms, has been due in great part to the employment of modern machinery. Tractors and com-

bines mark the highest achievements in the mechanization of agricultural production. From the wooden plow to the tractor, from the scythe and flail to the combine—such is the tremendous leap made by the Russian peasants in a short span of years. Now thousands of machine and tractor stations provide the collective farms with the use of tractors, combines, and other machinery.

Austin Smith met with a painful accident on Monday when an automobile he was repairing slipped off a jack screw and pinned his arm beneath the wheel of the car. Help soon arrived and it was found that while his arm had been badly crushed no bones were broken.—Sedgwick Press.

## Neighborhood NEWS

### BATTLE LAKE

Morley Williams left on Thursday for Wainwright, where he will spend the summer working in the oil fields. The roads in the district have been dragged and are now in good condition.

Anyone contemplating a drive on the lake had better postpone it for this season—at least that is the opinion of W. B. Fullerton, who nearly lost two of his best horses on Sunday when they broke through the ice. Luckily the water was not deep enough to cover the horses, but they were considerably shaken up after nearly an hour in the icy water.

Mrs. Roy Hunter and children have returned home after spending a week with the former's parents, Mr. and Mrs. Emphrey of Breton.

Charlie Freeman has hauled the first load of lumber for their new house, building of which will soon be commenced.

Working on the land will be general this week. Burgess Fullerton was digging on Saturday.

Runaways seem to be the style just now. Mrs. Ed. Nadeau's horses ran away, throwing her from the wagon. She escaped with a few bruises. George Papineau's team also ran away with a load of hay, but no serious damage was done.

### KNOB HILL

The Knob Hill Ladies' Aid met at the home of Mrs. J. E. Bunney on Wednesday, when an enjoyable afternoon was spent. Among those present were Mrs. C. R. Ellison, Mrs. C. B. McLaughlin, Mrs. C. A. Chinnell, Mrs. J. A. Stone, Mrs. J. S. Jones, Mrs. H. Carlsen, and Misses Grace Ellison, Doris Stone, Phyllis Stone and Maud Skoglund.

Miss Phyllis Stone is spending a couple of weeks with Mrs. Carl Anderson at Pigeon Lake.

Miss Janice Bunney has returned to her home at Venham Valley after a few days visit with Miss Beryl Smith at Pandey.

J. A. Stone has been laid up with a bad cold for a few days, but is up and around again.

The municipal grader passed through Knob Hill on Monday en route to Winfield. So the roads will be good once more.

Don Williamson is working at Winfield for a while.

### BITTER LAKE

Little Jean Treleven had the misfortune to fall on a sharp object on Tuesday, cutting her nose. She was taken to the Camrose hospital, and five stitches were necessary to close the wound. She remained in the hospital for the day.

Alex. Changy went to Edmonton on Friday to take out his naturalization papers. Alex is going to be a real Canadian.

Spring work will begin in this district this week. Moisture is excellent so far.

A jolly house party was held at the home of Mr. and Mrs. Axel Peterson on Thursday evening, when a large crowd gathered to spend the evening at dancing and the end not until daylight that everyone bid Mr. and Mrs. Peterson good morning and thanked them for a good time.

Mr. and Mrs. H. Roper and family of Rimbey, were visiting with Mr. and Mrs. C. T. C. Roper.

### FALUN

Grandma Sjolund was pleasantly surprised last Monday evening, when a number of friends dropped in to celebrate her seventy-fifth birthday.

Last Tuesday evening the Vasa Order held their regular monthly meeting. It was well attended by the members, and several more new members were admitted. After the business meeting, one of the lady members presented Chas. Olson with a lovely birthday cake. Everyone enjoyed a piece of it.

Mr. and Mrs. Andrew Anderson and family have moved on to their new farm two miles west of Falun store, while a family from Edmonton have taken over their former farm.

Carl Brown has left for Calgary and surrounding district, and will not return until next fall.

The wedding dance held at Lone Ridge hall on Friday last was a decided success. Several of the Falun people attended.

Cletis Tagtmeyer is now holding a position in the Schriebeles Garage at Wetaskiwin.

Mr. and Mrs. T. S. Steedman and daughter Marjorie, attended the Vimy dance held in Wetaskiwin last Friday evening. Marjorie returned with her parents for a week-end at Falun.

The Falun W.I. met at the home of Mrs. L. Olson on Saturday last. There were fifteen members and a large

number of visitors present. After the business meeting Mrs. Ruttray read an interesting paper on "Hereditary," followed by an interesting program by Miss N. Timofeev's pupils. A delightful luncheon was then served by Mrs. L. Olson, Mrs. C. Cohen and Mrs. J. M. Jones.

C. E. Mattson returned on Saturday after spending several days in Edmonton.

We have another young farmer in Falun, as Mrs. C. E. Whately has rented her farm to Herbert Nelson of Lone Ridge.

Several large loads of lumber have been taken west to Mac-MeO Beach, which goes to show there will be still more cottages erected this year.

Congratulations are extended to Mr. and Mrs. E. Kaiser on the arrival of their little son.

About sixty people gathered at the sports ground on Sunday last to take part in the sports. Softball practice, discuss and javelin throwing, shot put and boxing were very much enjoyed by all.

Several people have called at the home of Andrew Sjolund to see the five-legged calf. It is normal in every other way and very healthy, but has five legs, the fifth extending from the hip of one of the hind legs.

### TOWNLAKE

People in this district have been suffering from an epidemic of flu, most of them, however, being convalescent.

Mr. Arnold Johnson of Castor, is visiting at the home of Mr. and Mrs. C. Englund.

John Olson has moved his personal effects and taken up residence at the lake.

We hear that Clifford Skogman and Cecil Banks, who left last week, went to Edmonton, where they signed up a year's contract and left for Great Bear Lake and its radium deposits.

Lester Francis has been in the Pandey district for several days.

Teams have stopped crossing the lake this week, as the ice is getting soft.

Mr. Wayne of Rimbey was in the district looking up land but there is very little land around Townlake left for homesteads.

### WINFIELD

Archie Alwood is working in the garage at present.

Mr. and Mrs. Alwood are back from Wolf River, where he was looking over the country in search of a suitable place for a ranch.

Mrs. Donald McNabb of Norbeck, was a guest of Mrs. Taylor Wednesday afternoon.

The new school at Norbeck is rapidly nearing completion and the committee in charge plan to hold the opening dance Friday evening, April 15th. They have hired the "Null Secundus" orchestra, and a good time is assured to all.

J. Ellison left for Calgary Saturday.

### GWYNNE

The card party given by the Sunshine Club at R. H. Inglis last Friday was a success, with eight tables filled.

Court whist was played and Bertha Freeman and R. H. Inglis won first prizes. Mrs. Alex. Edlund and Bill Gillespie won the consolation prizes.

Viola Carlson celebrated her fourteenth birthday on Friday evening, when a number of friends gathered at her home. The evening was spent in games and dancing and everyone had a good time.

Mary Ruperts celebrated her seventeenth birthday last Sunday at her home, where a number of her friends gathered and spent the afternoon playing ball.

A large crowd enjoyed the lantern slides at the church here on Monday evening, when Rev. Turnbull showed pictures of foreign countries where he travelled while doing missionary work. Rev. and Mrs. Skitch of Edmonton, were also here.

### SOUTH PIGEON LAKE

Friends of Mr. and Mrs. Hjalmar Nilsson will be sorry to hear that their home at Westeros was burned to the ground on Wednesday evening last week. There was no one at home at the time but Peter Nilsson, Sr., who lives in the cottage nearby.

The loss was partly covered by insurance.

Mr. Ward Snell spent a few days in Edmonton last week on a business trip.

Miss Anna Sanders of Camrose, spent Sunday with her parents, Mr. and Mrs. Julius Sanders.

Mrs. J. Hemstock returned home this week after a visit to her daughter, Mrs. Ayers of Edmonton.

Miss M. Peters is spending a few days here the guest of Mr. and Mrs. Ward Snell.

Rev. Baxter of Brightview, held service Sunday evening at the home of Mr. Ward Snell.

Jack Gunston is erecting a new cottage at Mac-MeO Beach for W. A. Burke of Wetaskiwin. The cottage is of frame construction and will be

one of the most modern cottages at the beach, having all built-in features.

The ice on Pigeon Lake still remains firm, although the ice around the shore is melted making it impossible for any traffic to get on or off the lake.

Quite a few visitors from outside points visited "Crystal Springs" on Sunday, among them was Mr. G. Cook of Edmonton.

### NEW SWEDEN

Eloph Anderson, Harold Pearson and Bernard Swanson left on Tuesday for the camp site at Pigeon Lake, where they will spend a few days working on the grounds.

Several fish peddlers have been around with some very good whitefish for sale.

We had our first rain and thunder storm on Tuesday evening.

Seen around New Sweden—Eloph Anderson and John Anderson pulling a car out of the mud hole in front of their gate. The boys in Cherry Grove, hauling out oysters. Dale Johnson selling fish, presumably without a license. One of our residents smoking a pipe for the first time. Mr. and Mrs. Ernest Harris and Raymond trying out their fresh air taxicab in the mud.

### NEW NORWAY

(Introduced for last week) Mrs. E. Upshaw and son Ronald, spent the weekend at the J. Hagerty home at Dorelake.

Miss Liza Johns returned home last week from spending some time visiting friends at Edmonton.

Mr. and Mrs. Wm. Elkmerran of the Verdun district, moved to their new home 5 miles south of Hobbema last week.

Mr. and Mrs. Fryberg and small daughter, having moved from Edmonton to the Verdun district.

Relatives and friends helped Mr. and Mrs. W. Hamron to celebrate their 10th wedding anniversary.

### WINFIELD U.F.A.

The dance given by the U.F.A. at Drader's on Saturday night was well attended and a jolly time was had by all. A four-piece orchestra furnished the music and Mr. Handbury handled the floor in his usual genial manner. At supper time, the fourth edition of the Winfield Windfall was read, some were news paper, some read, some were news paper, some read, some were news paper.

A special business meeting is being called for Wednesday night.

Next month expect to hold our usual mid-month social.

### PATIENCE

A pretty wedding was solemnized at one o'clock on Tuesday, April 12th, at the home of Mr. and Mrs. Wm. Johnston, of Patience, when their daughter Gertrude Isabel, was united in marriage to John Mortimer Tetley son of Mr. and Mrs. George Tetley of Patience. Rev. H. Smith officiated.

The bride, who was given in marriage by her father, wore a charming gown of Mediterranean blue and white. Her only ornament was a pearl brooch, the gift of the groom.

The bridesmaid, Miss M. Johnston, sister of the bride, was frocked in Bordeaux Canton crepe. Mr. Alex. Tetley, brother of the groom, was the best man. The bride's party took their place beneath an arch of white and blue.

Following the ceremony a reception was held, when Mrs. Wm. Johnston, sister of the bride, was frocked in Bordeaux Canton crepe. Mr. Alex. Tetley, brother of the groom, was the best man. The bride's party took their place beneath an arch of white and blue.

The bride's table was centred with the wedding cake, and decorated with streamers of white and blue suspended from above the table. The cloth was the one used at the wedding of the bride's mother thirty-six years ago.

Mr. and Mrs. Tetley spent their honeymoon in Edmonton. The bride travelled in a broad coat of New York blue, trimmed in mink. Her hat was of fawn felt and straw.

Those present were Mr. and Mrs. Wm. Johnston, Mr. and Mrs. George Tetley, Mrs. Peter Cavanaugh and Johnston and baby Clayton, Rev. and Mrs. H. Smith, Messrs. Victor Johnston, Fred and Alex. Tetley, and Misses Mae and Letta Johnston.

The popular couple will reside on the groom's farm in the Patience district.

### NAVARE

Most of the men in the district are busy working on the land these days and the ladies are clearing off their gardens ready to have them plowed.

A large number from the Bears Hill district attended the recent service in the Swedish Lutheran Church.

Wetaskiwin, on Sunday, conducted by Rev. Franzine of Edmonton.

(Introduced for last week)

The Bulvey school, whose interior was closed and painted during the Easter holidays, reopened on Monday.

Rev. Cobb of Camranga, and Rev. McCullum of Coalhurst, were guests at the C. C. Nelson home during the Pentecostal Convention in Wetaskiwin. Donald Meyer of Wetaskiwin, spent the Easter holidays at the home of his aunt and uncle, Mr. and Mrs. Emery Revis.

Dowd boys were kept busy last week pulling cars out of the mud hole at the railway crossing near their home.

Oscar Dahl is now employed at the T. C. Malmus farm.

More telephones are being removed in our district nearly every week. Owing to the exorbitant rates, these instruments, which were once so common, are now almost a rarity around here.

The ladies of the district are busy these days with hot beds and house boxes containing tomato, cucumber, celery, cauliflower and cabbage plants.

Miss Amelia Rudy of Edmonton, was a week-end visitor at the home of her parents, Mr. and Mrs. John Rudy.

Wm. Rogers of Millet, spent several days of last week at the Rhodes home.

Emma and Olive Shantz of Cherry Grove, returned to their home on Saturday, after visiting for a week at the home of their grandfather, Mr. G. Thorsen.

Mrs. Vernon Rix and baby Jean, spent a few days of last week with Mrs. Rix's parents, Mr. and Mrs. C. Shantz of Battle River.

Toreson Lundell has returned to his school near Disburg, after spending the Easter holidays with his uncle, E. Lundell.

### INCOME, SALES TAX HIGHER UNDER TERMS OF NEW BUDGET

Ottawa, April 6.—To balance the budget by increasing the revenue \$5,000,000 E. N. Rhodes, minister of finance, in his budget speech in the house of commons Wednesday afternoon, announced the following tax changes:

Sales tax increased from four per cent to six per cent. A limited number of articles, not primary products, now exempt from the sales tax, will be added to the sales tax. The sales tax changes are effective April 7.

Excise tax on all goods imported into Canada increased by two per cent. New rate three per cent.

The personal exemption in income tax reduced, for those with dependents, from \$3,000 to \$2,400, and those without dependents, from \$1,500 to \$2,000.

The 20 per cent reduction now allowed from tax payable under established schedule of rates is discontinued.

In addition a five per cent surcharge on the amount of tax payable is to be imposed on all taxpayers, personal and corporate, with net income in excess of \$5,000. The corporate rate is increased to 11 per cent. Provisions relating to family corporations will be repealed.

Income tax changes will apply on the 1931 income.

The tax of one per cent on premiums received by insurance companies, except life, marine and certain forms of mutual fire companies, is re-imposed. British and foreign companies, maintaining deposits with the dominion, will also pay this tax. Tax of 15 per cent is imposed on gross premiums paid to other insurers.

On checks, money orders over \$5 and on promissory notes, bills of exchange, etc., the rate is increased from two cents to three cents on amounts up to \$100 and six cents over \$100.

A five cent tax is placed on telegrams, cables and radio messages and long distance telephone calls.

On railway sleeping car berths, the tax will be 10 per cent with a minimum of 25 cents and 10 cents on chair car tickets. These special taxes on checks, tickets and messages will become effective May 2.

In view of the near approach of the imperial conference, the minister stated, no change is made in customs tariff, except on one item relating to extension to March 31, 1933, of special rates on repair parts for farm implements.

### HILLSIDE

Mr. and Mrs. J. Nowell and family of the Wetaskiwin district, were Sunday visitors at the home of Mr. and Mrs. Loader.

The Junior U.F.A. are holding their April meeting in the schoolhouse on Friday, the 15th.

Mr. and Mrs. Walter Miller, who have resided on the Robert Young farm for the past year have taken up their residence on the Roger farm near Millet. We are sorry to lose the Millers in the district but hope that they will continue to visit here and that we will see their smiling faces often.

The U.F.W.A. held their April meeting at the home of Mrs. H. G. Young on Thursday last. There was a good turnout of members and visitors. The usual business was transacted and the making of a quilt to raise funds for the local was discussed and a date set for the quilting at Mrs. Runt's. The meeting then enjoyed "Current Events" by Mrs. Runt.

"Horticulture and Home Beautification" by Mrs. Young, and a paper on the life of Jane Adams by Mrs. Howes. A dainty lunch was served by the hostess, assisted by Mrs. Dowdell.

A fair sized crowd turned out on Friday evening to listen to the debate between the U.F.W.A. and U.F.A. on the subject "Resolved that the newspaper is a menace to society."

Owing to one of the senior members not being able to take his part in the debate, Karl Allemann very ably handled the subject for two. The Juniors, who upheld the affirmative were Walter Charley, Wallace Marr and Charlie Robinson. The negative was taken by Karl Allemann and Joe Orn. The judges gave their decision in favor of the affirmative. The Juniors are to be congratulated on the splendid way in which they handled this debate.

Wedding bells will soon be ringing in this district.

## WEEKLY STOCK MARKET REPORT

The following is a weekly report of the Edmonton Stock Yards, as supplied to The Times for the week ended April 12th:

Receipts: Cattle, 356; Calves, 210; Hogs, 1879; Sheep, 72.

For the past week or so there have not been sufficient daily receipts to really make or establish a market. The quality of the offerings have not been of a very high order. Buyers have not been any too keen in their demands. In consequence trading has been rather on the slow order. Sales so far this week indicate that values remain about steady and unchanged.

The following are the prices:

The general run of good fed calves are selling from \$4.75 to \$5.00; mediums \$4.00 to \$4.50; good butcher steers \$4.25 to \$4.50; medium \$3.75 to \$4.00 and common to fair from \$2.50 to \$3.50; good butcher heifers \$4.25 to \$4.50; mediums \$3.75 to \$4.00; good heaves \$3.00 to \$3.25, and commons \$2.50 to \$3.00.

The general run of good cows \$2.75 to \$3.00, odd especially choice light kinds up to \$3.25; common to medium \$1.75 to \$2.50, canners and cutters \$1.00 to \$1.75 and bulls \$1.50 to \$2.00.

Stockers of all classes are selling very readily at fully steady to unchanged values. The general run of stocker steers and heifers going at \$3.25 to \$4.00, cows \$2.25 to \$2.75.

The calf market is not showing much sign of improvement. The general run of good veal calves are selling from \$4.50 to \$4.75; mediums \$3.50 to \$4.00, and common to fair \$2.50 to \$3.25.

Hog market unsettled and somewhat lower. Today, Tuesday, carloads quoted at \$3.50 for the bacon fed and watered, with trucked in at \$3.45 for the bacon. Selects, including a premium of 50c per hundred, and butchers discounted 50c per hundred.

There have been insufficient sheep arrivals to make or establish a market. Prices quoted steady, with lambs from \$4.50 to \$5.50; yearlings \$3.50 to \$4.00 and ewes \$2.50 to \$3.50.

Canada's forest wealth is estimated at over 1 1/2 billion dollars, and pulpwood resources at 1 1/2 billion cords.

**CITY OF WETASKIWIN**

**NOTICE**

All Petitions for any Sidewalks, Curb, or local improvements contemplated this year must be sent to the undersigned on or before the 1st day of May, 1932, otherwise these will not be considered by the City Council this year.

By Order,  
J. E. FRASER,  
City Clerk and Treasurer.  
Mar 16, 30, April 13.

**WATCH REPAIRING**

Now is the time to have your watches overhauled.

Keep it in good running order. Prompt Service. Right Price. All Work Guaranteed.

**M. AMUNDSEN**  
Railway St. E. Wetaskiwin.

**TENDERS WANTED**

Tenders wanted for four cord of split, poplar stove wood, for Weller S.D. No. 1588. Tenders by mail received up to April 21st, 1932. The lowest or any tender not necessarily accepted.

AXEL W. ANDERSON,  
Sec.-Treas., R2 Wetaskiwin.

## U.S. DEFICIT UP SEVEN MILLION DAILY

Washington, April 8.—The federal government's deficit has now passed the two billion mark and is climbing at the rate of 7,000,000 a day. With this condition as an incentive to action, the Senate is continuing its search for new methods of raising revenue, and for curtailment of departmental expenditures.

In the circumstances it is not surprising that the Federal Farm Board finds itself under criticism. The board's salary list was revealed Friday. Its ten principal employees are drawing salaries that average \$34,000 a year. General Manager Crockmore, of its cotton co-operative, and General Manager Milnor, of the Grain Stabilization Board, top the list with \$75,000 and \$50,000 a year, respectively. Eight other managers and sub-officers receive from \$32,500 to \$20,000 a year each. The salaries of seven grain co-operative heads total \$210,000 annually.

While a congressional committee is threatened a slash of government employees' salaries, the great majority of which are said to be below \$3,000 a year, these payments to Farm Board officials inevitably attract notice.

Last year's deficit in the U.S. post office was \$98,000,000. The Senate is expected to raise the first-class mail rate from two cents to three to wipe out the deficit and bring in addition \$40,000,000 of revenue.

Democrats in caucus Friday could not reach agreement concerning the adding of new tariff rates to

## UNRESERVED AUCTION SALE

HORSES, CATTLE, MACHINERY, HOGS, SHEEP AND POULTRY

The undersigned Auctioneer has received instructions to sell by public auction

S.W. Quarter, 21-41-21 W. of 4th Mer. 2 Miles South of Bashaw

SATURDAY, APRIL 16

commencing at 12:30 sharp

HORSES—Grey Gelding, 10 years, 1700 lbs.; Black Gelding, 12 years, 1500 lbs.; Black Gelding, 12 years, 1200 lbs.; Black Mare, 15 years, 1400 lbs.; Black Mare, 6 years, 1400 lbs.; Brown Mare, 12 years, 1600 lbs.; Bay Mare, 8 years, 1400 lbs.; Bay Mare, 8 years, 1300 lbs.; Grey Mare, 6 years, 1300 lbs.; Grey Mare, 3 years, 1300 lbs.; Bay Mare, 3 years, 1200 lbs.; Black Stallion, 9 years, 1000 lbs.; 2 Back Mares, 2 years; Black Gelding, 2 years; Brown Gelding, 2 years.

CATTLE—10 Cows, milking; 8 Cows, coming fresh soon; 2 two-year-old Heifers, coming fresh; three-year-old Heifer coming fresh; 6 two-year-old Steers; 4 one-year-old Steers; 3 one-year-old Heifers; 7 Calves; 2 two-year-old Shorthorn Bull.

HOGS—Brood Sow and 9 pigs.

SHEEP—60 Breeding Ewes; 9 Wethers; Lambs, Purchased Oxford Ram. (These sheep are all well bred, having used purebred rams for 10 years.)

POULTRY—21 Chickens; 6 Turkeys; 9 Geese.

MACHINERY—Deering Binder, 7 foot cut; Deane Hay Sifter; Dane Mower; 1 in. Gang Plow; McCormick Hay Rake; International Tandem Disc; three-bottom Engine Gang, 14 in. with horse attachment; Lister two-row Corn Planter attachment; 11-foot Cultivator; McCormick-Deering with duck feet; Corn Cultivator; Deering Surface Land Packer; Adams Wagon and Box; Steel Wheel low Wagon, good as new; 2 Hay Racks; VanSlyke Breaking Plow; 5-section Diamond Steel Harrow and Harrow Cart; 125 bushel Grain Tank; Wood Saw; McCormick-Deering 20-hp. Shoe Drill; Panning Mill (Gran Growers); 16 Collars; 10 in. Grinder; Enslage Cutter with tubes for 30 ft. silo; Hay Fork; Hay Ladder; Wooden Stock Pump; Steel Water Tank; Pump Jack; 2 1/2 h.p. Engine; 1 1/2 h.p. Pump Engine; Scoop Shovels; Wire Cables; Log Chains; 2 Work Benches; 2 Grass Seeders; 12-35 All Work Tractor; 1 1/2 h.p. Outboard Boat Engine; American Cream Separator, 500 lbs. capacity; Pails, Cream Cans; Window and Door Casings; Ewers and all kinds of small tools too numerous to mention.

HARNESS—3 sets Breaching Harness; 3 sets Plow Harness; set Democrat Harness; Signebuggy Harness; 16 Collars; some almost new; Stock Saddle; Sitching Saddle and Repairing Outfit.

**FEEES FOR CLASSES "A" and "B"**

All freight vehicles and trucks, in addition to paying the fees set out below, must also pay the usual motor vehicle license as formerly, according to wheel base measurement.

**CLASS A**—Includes all trucks used as public carriers for freight haulage. Fees printed below.

**CLASS B**—Includes all freight vehicles other than those in the other classes. Fees printed below.

**CLASS C**—Includes trucks operating within cities, towns and villages. These are permitted to operate outside to the extent of five miles beyond the corporate boundaries of the cities, towns or villages in which they are licensed. No fee in this class other than usual motor license.

**CLASS D**—Includes trucks owned by farmers, market gardeners or ranchers and used for the transporting of their own property. No fee other than usual motor license.

**CLASS E**—Includes trucks in Classes "C" and "D" used for hauling grain between August 1st and December 31st in one year. Fees in this class one-quarter of those in Class "B".

**FEEES FOR CLASSES "A" and "B"**

Fees for Classes "A" and "B" are figured on gross weight, which shall mean the combined weight of the chassis, body and cab of the freight vehicle and the manufacturer's rated carrying capacity.

Fees in these classes range from 50 cents per 100 lbs. to \$1.75 per 100 lbs. according to their weight classification.

Applications for truck licenses, stating weight and carrying capacity of truck, should be made to.

E. TROWBRIDGE,  
Deputy Provincial Secretary,  
Edmonton, Alberta.

the revenue bill. Strong opposition to this procedure has developed, and another session is to be devoted to consideration of it.

Washington politicians have given unusual attention to the new Canadian budget proposals, probably for the reason that so much debate recently marked the unsuccessful proposal here to adopt the sales tax.

The result of the ballot at the High River municipal hospital withdrawal found the four townships most adjacent to High River voting in favor of remaining with the hospital area. Four townships voted for withdrawal, three of these being toward the east and near the Vulcan-Carleton highway, and the fourth to the extreme north of the district.

## GOVT WILL MOVE HERD OF AYRSHIRES TO OLLS

Edmonton, April 9th.—Dairy livestock breeding interests in Alberta will not be affected by the proposed closing of the government school farm at Claresholm, it is stated by Hcn. George Headley, minister of agriculture. The herd of thoroughbred Ayrshire cattle that has been maintained there for some years past will be removed to the school farm at Olls and will be kept in the centre of a large dairying district. The Claresholm school having already been closed, the school farm is now to be discontinued as a government enterprise and will be rented.

## PROPERLY BREWED BEER is a healthful food

Thousands of the working classes, while engaged in hard physical labor, find in beer, a cheap, healthful food, which besides its nourishing effect, possesses invigorating and strength-restoring qualities. A beverage conducive to health, in the direction of moderation and true temperance.

### PREVENTION

We find a surprisingly large number of accidents which lead to suffering, permanent disability and not a few deaths. It is obvious, therefore that it is most desirable to prevent accidents and to take reasonable precautions with that object in view.

Sickness might, in many cases, be classed as an accident for in its occurrence, there is the element of chance in contact with disease germs, but in this article, we use the term "accident" to describe unexpected and unforeseen injuries to the body.

We give the name accident to many injuries which really should not be thus called because they are the result of carelessness and could be foreseen. If we run in front of a motor-car, the injury which likely follows could have been foreseen, and so is the result of our carelessness or thoughtlessness. Such an injury should not really be called an accident, but we generally use the term to describe all injuries whether or not they are the result of our own lack of care.

This point is stressed because if you think of all the accidents of which you have heard, you will find that most of them could have been avoided if reasonable care had been taken. It is because we take so many chances that so many accidents happen.

Accidents do not all occur away from home; a very large percentage of them happen right in our homes. We stand on and reach from a chair instead of using a step-ladder. The rug is torn and we neglect to mend it until someone trips and has a fall. We fail to remove snow or to cover it with sand, and someone slips on the icy steps. We leave poisons on the same shelf with bottles containing harmless substances. The electric fixture becomes loose and is allowed to remain so.

It is just because we are careless in regard to these and other similar things that people take poison unknowingly, or we find so many broken

### When TEETHING makes HIM FUSSY

One of the most important things you can do to make a teething baby comfortable is to see that little bowels do their work of carrying off waste matter promptly and regularly. For this nothing is better than Castoria, a pure vegetable preparation specially made for babies and children. Castoria acts so gently you can give it to young infants to relieve colic. Yet it is always effective, for older children, too. Remember, Castoria contains no harsh drugs, no narcotics—absolutely harmless. When your baby is fretful with teething or a food upset, give a cleansing dose of Castoria. Be sure you get genuine Castoria with the name: *Dr. J. C. Fletch*

**CASTORIA**  
CHILDREN CRY FOR IT

### WHEAT POOL MEMBERS GET 10c PAYMENT

Cheques were mailed Friday to all members of the Alberta Wheat Pool, representing an interim payment of ten cents a bushel on all grades of wheat delivered to the 1931-32 pool. The initial payment was on the basis of 35 cents a bushel for No. 1 northern.

The Alberta pool operated on an optional basis this year, members having been given the privilege of either pooling their wheat or selling it on the open market. The percentage pooled was not announced.

A similar payment was also made today by Manitoba and Saskatchewan pools.

EDMONTON MAN INVENTS  
SAFETY AUTOMOBILE LIGHT

A new invention which is likely to prove one of the most valuable safety devices for automobiles and other motor vehicles driven after night-fall has been perfected by an Edmonton man, H. G. Stobo. The device is a "pass light" which in tests made recently on highways out of the city, proved to be completely successful. A patent has been applied for in preparation for putting the device on the market.

The pass light fits on the top left side of the vehicle and throws a light over the whole side of the car, showing its position exactly to an approaching motorist. It also casts its beams completely across the roadway, illuminating the portion of it free from shadows as well as the position of the ditch at the far side.

Two cars, passing on a road in the dark, if equipped with the new light may pass each other in perfect safety, their positions as clear to the drivers as in broad daylight.

The light does not increase the difficulties caused by glare, but, in actual tests, it has been found to diminish the glare of approaching automobile lights.

Mr. Stobo describes the new device as a safety and life-saving invention of front rank importance. It is now in the testing stage and has been thoroughly tried out by A.P.P. officers with entirely satisfactory results.

The new pass light is arousing great interest among motorists as it can be used on any sort of motor vehicle and is not cumbersome or disturbing to the car. The light reflector and shade is nickel-plated and presents an attractive appearance. The light can be switched on in connection with the dimmer or may be worked entirely alone.

Advertisements in the paper that circulates all over the district thoroughly.

## MILLET LOCAL NEWS

Mrs. Chas. Theriault and Kenneth are visiting Mr. and Mrs. Paul Theriault at Thorby.

James Garrison, of Calgary, spent the week-end a guest at the home of Mr. and Mrs. Jas. Briggs.

There were a number of Milletes at the Viny dance in Wetaskiwin on Friday night. They all reporting having a grand time. They will all be raring to go to the next one.

Mr. Munsey of Bonnie Glen, was a Millet visitor for a few days last week. We understand he has accepted a position on the Carney farm south west of the village for the summer.

The Misses Ina and Lilly Newhouse of Edmonton spent the week-end the guests of their sister, Mrs. R. Cohen. While here they helped little Leonard Cohen suitably celebrate his fourth birthday.

On Wednesday last a large oil tank belonging to the Union Oil Co., whilst proceeding south and passing the road maintenance quarter mile north of town, went into the ditch, turned over and took fire, becoming a total loss.

The Millet U.F.W.A. will meet at the home of Mrs. H. Peck on Thursday, April 21st. Requests for seeds, slips, and roots to be exchanged at next meeting. Roll call "My family's favorite dish." Paper "Beautification and Horticulture," by Mrs. James Carney.

There will be a special meeting of the W.A. held at the home of Mrs. H. Brinker on Monday next (April 18). Miss Lillingsome of Edmonton, Diocesan president, will address those present. All ladies of the parish who are interested in Auxiliary work are cordially invited to attend.

Mrs. Ed. Kinchella was agreeably surprised on Monday afternoon when about a dozen ladies called to wish her a happy birthday. The afternoon was spent at various kinds of needlework. Misses Clara Kinchella and Marie Scott served a dainty lunch, after which Mrs. Kinchella was presented with a shower of handkerchiefs.

Mrs. Ruth Simpson is back in town again after spending her vacation at Calgary, Lethbridge and other points in the south visiting relatives. Mrs. Simpson said that while she was away she took particular notice of conditions at the various places she visited and found that nowhere did things appear as prosperous as at Millet. It may be that this is the promised land.

## DIED

DIED—On April 7th, in the hospital at Kelowna, B.C., Chas. Wrightson, formerly of Millet.

## INDIAN MISSIONARY FOUND DEAD

Rev. E. R. Steinhauer, oldtime missionary, and well known in United Church circles, was found dead in the tool shed on the "Saddle Lake Indian Reserve, according to word reaching headquarters of the Royal Canadian Mounted Police in Edmonton Saturday morning.

The dead missionary was of Indian blood, and had served on the reserve for many years. He was an old-timer in the west and was formerly connected with the Methodist church.

The late Mr. Steinhauer had charge of the mission at Hobbema many years ago, and was very well known throughout this community.

A minister in a Pacific Coast church has declined the offer of a parishioner to donate a set of bells, claiming they are out of date. Well planned newspaper advertising, he said, will draw more people to church than noisy chimes, and at the same time will not disturb the slumbers of those who choose not.

## Obituary

### WM. YELLOU

The many friends of Wm. Yellow of Vancouver, formerly of Millet and Conjurung Lake, will be sorry to hear that he passed away at his home in Vancouver on Sunday, the cause of demise being heart trouble. Mr. Yellow was a member in good standing in the I.O.O.F. Lodge for many years and an active promoter of all worthy causes of the district. He leaves to mourn his loss, his wife of Vancouver, one daughter and two sons residing in Vancouver, one step-daughter of Edmonton and three step-sons of Vancouver. Details of interment, which took place in Vancouver, will appear in a later issue.

### ANNIUS LANTZ

In the passing of Annius Lantz, the community adjoining the west end of Hay Lakes lost one of its earliest and most respected settlers.

Mr. Lantz was a native of Norway, but at the age of 19 he went to Sweden, where he served in the army for a number of years. He was father of a man of fifty when, with his family, he emigrated from Sweden to brave the hardships and privations of pioneer life in the far west. After spending a year or so in the vicinity of Calgary, he came to Wetaskiwin looking for land, and here he settled on a homestead bordering on the low lands adjoining the west end of Hay Lakes, in the year 1904. Here he has labored and toiled for the past twenty-eight years, and has shared the joys and sorrows, the adversity and prosperity of his fellow settlers in the community. Mr. Lantz was an enlightened man and realized clearly that man "doth not live by bread alone." At the same time he was providing a material home for himself and those dependent upon him, he realized the need of a spiritual home as well. Thus we find him as one of the charter members of Zion Lutheran congregation organized more than twenty-five years ago, and he continued as one of the mainstays of the congregation till death called him away.

Mr. Lantz had been falling in health for about a year, but his illness was not realized as serious until the latter part of the winter.

On April 7th he passed away quietly and peacefully, as one might lay down to sleep after a long day of toil and labor.

The funeral services were held on Sunday afternoon, April 10th, at the little church he had helped to build, and where he had loved to worship these many years, located one mile south of his homestead, and his body was laid to rest in the cemetery adjoining the church. Rev. O. Asper of Wetaskiwin officiated. One of the largest assemblies ever witnessed in the community had gathered to pay their respects to the venerable old pioneer.

He leaves to mourn his departure his wife and seven children, of whom one son resides at Seattle, Wash., one at Vancouver, B.C., one in the vicinity of Calgary, and two sons and two daughters in the home community; and besides these, twenty-six grandchildren two great grandchildren, and a host of friends.

## ATTENTION, BOY SCOUTS!

On Sunday next, the Boy Scouts are asked to be present, in uniform, if possible at the Community hall at 2:15 sharp, where a Scout Parade will march to St. John's Anglican Church to attend worship. The boys will be addressed by Rev. Arthur Murphy, M.A.

### E. MOORE, Scout Master.

Out of 952 motor car accidents recorded in Canada within a month, only 55 took place with a woman at the wheel and men were responsible in the other 917 instances. It would be interesting to know the proportion to the relative number of drivers and also how many of the male sex, with characteristic gallantry, took all the blame.

Look at the label on your paper.

## Her Kidneys In Better Condition Than for Many Years

"Mrs. Antoine Moreau, Lafontaine, Ont., writes: 'For many years I had been a sufferer from bad kidneys. They were so weak I could not retain the secretions, and this would be lame and give me a lot of distress. I was debilitated, but the only medicine that gave me any help was Doan's Kidney Pills. They have strengthened my kidneys and put them in better condition than they have been for many years.'"

Price 50c. a box at all drug and general stores, or mailed on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

## MILLET LOCAL NEWS

Mr. and Mrs. Pengilly and Misses Hazel and Bernice of Red Deer, were guests at the Parsonage last week.

Hope Dowler is building three new bungalows on the shore of Pigeon Lake. Apparently expecting big business.

A large party of Millet I.O.O.F. spent Monday evening guests of Wetaskiwin Lodge, when the Grand Master also was present. A very enjoyable evening is reported.

There was an error in the report of last week. The prize given by Bishop Burgett at the Church Boys' rally in Easter week, was won by the boys from Wainwright, not Millet.

A party of Rebejaks and Odd Fellows with some friends, motored to Ponoka last Sunday to attend the anniversary services of the Order held in the Baptist church, after which refreshments were served to all.

On Friday evening last, Mrs. Thorn was hostess at a social evening in the Community hall, where music, dancing, Bingo, etc., were enjoyed by a large crowd. The proceeds were very gratifying, and were donated to the church fund of St. John's.

A pleasant afternoon was spent by the Ladies Aid at Mrs. Alice Dowler's last Thursday. Mrs. E. Gibling gave a very interesting missionary reading. A good old-fashioned sing-song was enjoyed. A delicious lunch was served by the hostess and Mrs. Easterbrook. The next regular meeting will be on Thursday, May 5th, at the home of Mrs. C. Brinker.

# RELIEF

from HEADACHES  
COLDS AND SORE THROAT  
NEURITIS, NEURALGIA

Don't be a chronic sufferer from headaches, or any other pain. There is hardly an ache or pain Aspirin tablets can't relieve; they are a great comfort to women who suffer periodically. They are always to be relied on for breaking up colds.

It may be only a simple head-

ache, or it may be neuralgia or neuritis; rheumatism. Aspirin is still the sensible thing to take. Just be certain it's Aspirin you're taking; it does not hurt the heart. (Made in Canada.)

BEWARE OF  
SUBSTITUTES

"Why didn't you put my luggage in here, as I told you to?" thundered an irate passenger to the grizzled porter, as the train moved out of the railway station. "Oh, mon," returned the other patronizingly, "yer luggage is no sic a fule an' yer 11. 11. was marked Edinburgh, and is on its way there. Ye're on the wrong train."

**DOUBLE FEATURE PROGRAM  
"THE VIKING"**

This is the picture that cost the lives of Varick Frissell and 25 others when the ship blew up off the coast of Newfoundland in March last year. A dramatic story of love and jealousy enacted during the great annual Newfoundland Seal Hunt.

Also:  
SLIM SUMMerville in "FIRST TO FIGHT"  
The comedy sensation of the season. Slim, his bugle and Eddie Gribbon are now in the Marines. And How. See Slim make love with the whole marine base listening in. It's a wow, bring the family to see this special program.

Monday, Tuesday, Wednesday, 8 p.m. April 18-19-20

**RONALD COLMAN in  
"THE UNHOLY GARDEN"**

The Unholy Garden. One of the few places still remaining where fugitives from justice may find refuge—safe from the police and extradition. Here from all over the world daffodil adventurers who preyed on their fellow men—and strange beautiful women who preyed on the adventurers. What a setting for Colman. Also "TORCHY'S NIGHTCAP" and Bing Crosby in "BILLBOARD GIRL".

hyde, are now for sale at Cooke Drug  
Store.

Leave to introduce a bill for the  
legalizing of lotteries for charitable,  
scientific and artistic purposes was  
given to the British house of  
Commons to Sir William Davidson  
by a vote of 176 to 123.

**WOMEN'S INSTITUTE**

Beautifulizing the home surroundings  
with shrubs and trees was the subject  
of an address at the March meeting  
of the Wetaskiwin Women's Institute.  
A good attendance of members and  
visitors were present to hear Mr.  
Hekhouse, sales manager of the  
Prairie Nurseries, Estevan, Sask. He  
was assisted by the firm's local rep-  
resentative, Mr. Frank Morrison, who  
also addressed the meeting briefly.

Just preceding the meeting a number  
attended the illustrated lecture  
given by Mr. Hekhouse in the parlors  
of the United Church in which with  
the use of colored slides he showed  
how trees and shrubs should be plant-  
ed in order that the best effects  
might be obtained. Later at the In-  
stitute rooms Mr. Hekhouse answered  
questions and gave advice on the care  
of shrubs and perennials.

Following the address, Miss Isabel  
George played a piano solo, Loy-  
bach's "Fifth Nocturne," and Miss  
Marjorie Miller recited "Water  
Melon" and "The Bee." The whole  
program was very enjoyable and was  
followed by a refreshing cup of tea  
and a social hour.

Arrangements were completed for  
the tea and food sale.

Use The Times Want Ad. columns.

The Times appreciates very much  
the fine type of news that is being  
sent in each week by its district cor-  
respondents, as well as by its oc-  
casional correspondents. Running a  
newspaper is not such a bad thing  
after all when we can get the assist-  
ance from correspondents that we  
have obtained during the present win-  
ter.Canada continues her leadership in  
nickel and asbestos and in the wider  
use of both.**GOLF CLUB ELECT OFFICERS**

The regular meeting of the share-  
holders of the Wetaskiwin Golf Club  
Limited, was held on March 31st,  
when the following officers were elected  
for 1932:

President—J. W. Somers.  
Vice-President—H. W. Wright.  
Secretary-Treasurer—R. E. Schmitz.

Chairman of Green Committee—J.  
S. Orr.  
Chairman of Membership Commit-  
tee—Wm. Shields.
